BIS@80 COMMEMORATIVE LOGO DESIGN

Concept Note

BIS@80 represents the Bureau of Indian Standards' eight-decade journey of building a safer, higher quality and more reliable India. The design creatively integrates the existing BIS logo with the number 80, symbolising continuity, trust and standardization. The shield with a check mark reflects safety, reliability and consumer confidence. The India map and upward movement highlight growth, progress and the vision of a Viksit Bharat. The tricolour ribbon signifies national pride and unity. Overall, the design conveys BIS's mission of standards, quality and conformity assessment in empowering citizens and strengthening India's quality infrastructure for a developed future.
