BIS@80 Commemorative Logo Concept Note

EIGHT DECADES OF QUALITY, STANDARDS, AND TRUST FOR VIKSIT BHARAT

The BIS@80 logo marks eighty years of the Bureau of Indian Standards as the backbone of quality, safety and consumer trust across India.

At the centre of the design sits the official BIS emblem, highlighting the institution's essential role in setting standards, testing products and giving citizens confidence in what they buy every day. Encircling the emblem is a dynamic circular motif—a symbol of continuous progress, shared community responsibility and the subtle ways standards uplift daily life.

The prominent, sweeping "80" flows seamlessly as an infinity curve reflecting eight decades of institutional legacy while pointing toward a progressive, future-ready India. The colour palette pairs classic BIS Blue—representing dependability, authority and safety—with a vibrant Saffron accent that brings energy, national pride and forward momentum.

Designed for total clarity and scalability, the logo retains its distinct visual identity across digital screens, print media, official stationery and merchandise in both full colour and monochrome. It stands as a proud tribute to BIS's enduring legacy and its vital role in shaping a quality-driven Viksit Bharat.
